RE: Transmittal of the 2003 Potentially Responsible Party Search Manual

On Behalf of the PRP Search Enhancement Team, Regions I through X and Headquarters, we are pleased to announce the distribution of the 2003 Potentially Responsible Party Search Manual (Manual).

The Manual was written by a dedicated group of Agency experts who are involved in the PRP search process, and reviewed by a national work group and the PRP Search Enhancement Team (Team). Their collective effort has resulted in a useful tool that will enhance the PRP search process.

The Manual is a working document intended to provide information to those persons involved in the PRP search process. Users are encouraged to provide any comments regarding the Manual to one of the Team members/contacts attached.

We are making a limited number of hard copies of the Manual available. The Manual can also be found on-line at:

<http://www.epa.gov/compliance/resources/publications/cleanup/superfund/prpmanual/index.htm>

The Manual will be updated electronically, as necessary.
